

## FATHER CHRISTMAS CARVING CLASS

In this class with Dylan Goodson, learn the techniques needed to carve a figure of Father Christmas in the Baroque style. Bring your mallet tools for this class, as we will be starting with a band saw cut out, which will allow you to personalize the carving to your tastes.

The primary goal of the class will be to teach you the techniques and methods that will allow you to carve realistic human figures. You may even learn something about the history of Santa Claus.

Check out his website to learn more about Dylan, and to see examples of his work.

Project will be approximately 12 in. tall. Blanks will be \$20.00.

If you have a carving stand or vise bring it, as it will make it much easier to complete the project.
